**12,785,537 Shares of Common Stock**

This prospectus relates to the resale by the investors listed in the section of this prospectus entitled "Selling Stockholders" (the "Selling Stockholders") of up to 12,785,537 shares (the "Shares") of our common stock, par value \$0.0001 per share ("Common Stock"). The Shares consist of: (i) 4,220,000 shares of Common Stock (the "December APA Shares") issued pursuant to that certain Asset Purchase Agreement, dated December 1, 2020 (the "December APA"), by and among us and Truweo, LLC, our wholly owned subsidiary ("Truweo"), as the purchaser, 9830 Macarthur LLC ("9830"), Reliance Equities Group, LLC and ZN Direct LLC, as sellers (the "December Sellers"), and Jelena Puzovic, as founder; (ii) 980,000 shares of Common Stock (the "December Warrant Shares") issued on February 9, 2021 upon the exercise of that certain Warrant to Purchase Common Stock issued to High Trail Investments SA LLC ("HT SA") on December 1, 2020, as amended (the "December Warrant"); (iii) 469,931 shares of Common Stock (the "February Warrant Shares") issuable upon exercise of that certain Warrant to Purchase Common Stock issued to High Trail Investments ON LLC ("HT ON") on February 2, 2021, as amended (the "February Warrant"); (iv) 1,387,759 shares of Common Stock (the "February APA Shares") issued pursuant to that certain Asset Purchase Agreement, dated February 2, 2021 (the "February APA"), by and among us and Truweo, as the purchaser, Healing Solutions, LLC ("Healing Solutions"), Jason R. Hope, and for the purposes of Section 5.11 and Article VII therein, Super Transcontinental Holdings LLC; (v) 1,884,133 shares of Common Stock (the "Penny Warrant Shares") issuable upon exercise of that certain Warrant to Purchase Common Stock issued to HT SA on February 9, 2021, as amended (the "Penny Warrant"); (vi) 750,000 shares of Common Stock (the "Additional Warrant Shares") issuable upon exercise of that certain Warrant to Purchase Common Stock issued to HT SA on February 9, 2021, as amended (the "Additional Warrant"); (vii) 130,000 shares of Common Stock issued to HT SA (the "Letter Agreement Shares") pursuant to that certain Letter Agreement, dated as of April 8, 2021, by and among us, HT SA and HT ON (the "April Letter Agreement"); (viii) 2,259,166 shares of Common Stock (the "April Warrant Shares") issuable upon exercise of those certain Warrants to Purchase Common Stock issued to HT SA and HT ON on April 8, 2021 (the "April Warrants" and, together with the February Warrant, the Penny Warrant and the Additional Warrant, the "Warrants"); and (ix) 704,548 shares of Common Stock (the "SPA Shares") issued pursuant to that certain Stock Purchase Agreement, dated as of May 5, 2021 (the "SPA"), by and among us and Truweo, as the purchaser, Photo Paper Direct Ltd, Josef Eitan (the "PPD Owner") and Ran Nir (the "PPD Beneficial Owner" and, together with the PPD Owner, the "PPD Sellers").

We are registering the resale of the December APA Shares as required by the December APA. We are registering the resale of the December Warrant Shares, the Penny Warrant Shares and the Letter Agreement Shares as required by that certain Letter Agreement, dated as of February 8, 2021, by and between us and HT SA, as amended by the April Letter Agreement (the "Letter Agreement"). We are registering the resale of the February APA Shares pursuant to the February APA. We are registering the resale of the April Warrant Shares pursuant to that certain Securities Purchase and Exchange Agreement, dated as of April 8, 2021, by and among us, HT SA and HT ON (the "Securities Purchase Agreement"). We are registering the resale of the SPA Shares pursuant to the SPA. We are registering the February Warrant Shares and the Additional Warrant Shares because the terms of the February Warrant and the Additional Warrant each provide that such Warrant can be exercised on a cashless basis if there is not an effective registration statement covering the resale of the shares issuable upon exercise of such Warrant.

Our registration of the Shares covered by this prospectus does not mean that the Selling Stockholders will offer or sell any of the Shares. The Selling Stockholders may sell the Shares covered by this prospectus in a number of different ways and at varying prices. For additional information on the possible methods of sale that may be used by the Selling Stockholders, you should refer to the section of this prospectus entitled "Plan of Distribution" beginning on page 14 of this prospectus. We will not receive any of the proceeds from the Shares sold by the Selling Stockholders, other than any proceeds from any cash exercise of the February Warrant, the Additional Warrant or the April Warrants.

No underwriter or other person has been engaged to facilitate the sale of the Shares in this offering. The Selling Stockholders may, individually but not severally, be deemed to be an "underwriter" within the meaning of the Securities Act of 1933, as amended (the "Securities Act"), of the Shares that they are offering pursuant to this prospectus. We will bear all costs, expenses and fees in connection with the registration of the Shares. The Selling Stockholders will bear all commissions and discounts, if any, attributable to their respective sales of the Shares.

Our common stock is listed on the Nasdaq Capital Market under the symbol "ATER". On June 14, 2021, the last reported sales price per share of our common stock was \$15.76. Our Common Stock has recently experienced price volatility. For example, from January 4, 2021 to June 14, 2021, sales of our Common Stock were effected at prices as low as \$11.81 and as high as \$48.99. The high sales price of \$48.99 occurred on February 17, 2021, on which day the last reported sales price for our Common Stock was \$47.66. We have not experienced any material changes in our financial condition or results of operations that explain such price volatility. The trading price of our Common Stock has been, and may continue to be, subject to wide price fluctuations in response to various factors, many of which are beyond our control, including those described under the heading "Risk Factors" beginning on page 7 of this prospectus.

We are an "emerging growth company" as that term is used in the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act") and, as such, we have elected to comply with certain reduced public company reporting requirements for this prospectus and future filings with the Securities and Exchange Commission (the "SEC").

We may amend or supplement this prospectus from time to time by filing amendments or supplements as required. You should read this prospectus, together with additional information described under the headings "Incorporation of Certain Information by Reference" and "Where You Can Find More Information", and any amendments or supplements carefully before you invest in any of our securities.

Investing in our common stock involves substantial risk. You should review carefully the risks and uncertainties described under the heading "[Risk Factors](#)" beginning on page 7 of this prospectus.

Neither the Securities and Exchange Commission nor any other regulatory body has approved or disapproved of these securities or passed upon the accuracy or adequacy of this prospectus. Any representation to the contrary is a criminal offense.

The date of this prospectus is June 15, 2021.

PROSPECTUS SUMMARY

This summary highlights selected information that is presented in greater detail elsewhere in this prospectus or incorporated by reference in this prospectus. Because it is only a summary, it does not contain all of the information you should consider before investing in our Common Stock and it is qualified in its entirety by, and should be read in conjunction with, the more detailed information included elsewhere in this prospectus. Before you decide whether to purchase shares of our Common Stock, you should read this entire prospectus carefully, including the sections of this prospectus entitled “Risk Factors” and similar headings in the other documents that are incorporated by reference in this prospectus. You should also carefully read the information incorporated by reference into this prospectus, including our financial statements, and the exhibits to the registration statement of which this prospectus is a part. Unless the context otherwise requires, the terms “Aterian,” the “Company,” “we,” “us” and “our” in this prospectus refer to Aterian, Inc. and our consolidated subsidiaries, including Aterian Group, Inc., and “this offering” refers to the offering contemplated in this prospectus.

Our Company

We are a technology-enabled consumer products platform that builds, acquires and partners with e-commerce brands. We were founded on the premise that if a company selling consumer packaged goods was founded today, it would apply AI and machine learning, the synthesis of massive quantities of data and the use of social proof to validate high caliber product offerings as opposed to over-reliance on brand value and other traditional marketing tactics. Today, we predominantly operate through online retail channels such as Amazon.com and Walmart, Inc.

We have launched and sold hundreds of SKUs on e-commerce platforms. Through the success of a number of those products we have incubated our own brands. We also have purchased brands and products when we believe it is more advantageous. Today, we own and operate fourteen brands which sell products in multiple categories, including home and kitchen appliances, kitchenware, heating, cooling and air quality appliances (dehumidifiers, humidifiers and air conditioners), health and beauty products and essential oils. Our fourteen brands include, hOmeLabs; Vremi, Xtava; RIF6; Aussie Health; Holonix; Truweo; Mueller; Pursteam; Pohl and Schmitt; Spiralizer; Healing Solutions; Squatty Potty; and Photo Paper Direct.

We believe we are reinventing how to rapidly and successfully identify new product and market opportunities, and to launch, autonomously market and sell products in the rapidly growing global e-commerce market by leveraging our proprietary software technology platform, known as AIMEE. AIMEE combines large quantities of data, AI, machine learning and other automation algorithms, at scale, to allow rapid opportunity identification and automated online sales and marketing of consumer products.

AIMEE sources data from various e-commerce platforms, the internet and publicly available data, allowing us to estimate and determine trends, performance and consumer sentiment on products and searches within e-commerce platforms. This functionality allows us to help determine which products to market, manufacture through contract manufacturers, import and sell on e-commerce marketplaces. AIMEE is also connected, through application program interfaces, to multiple e-commerce platforms. This allows us to automate the purchase of marketing, automate various parts of our fulfillment and logistics operations and to automate pricing changes on product listings. We generate revenue primarily through the online sales of our various digital native consumer products and substantially all of our sales are made through the Amazon U.S. marketplace.

For a complete description of our business, financial condition, results of operations and other important information, we refer you to our filings with the SEC that are incorporated by reference in this prospectus, including our Annual Report on Form 10-K for the year ended December 31, 2020. For instructions on how to find copies of these documents, see the section of this prospectus entitled “Where You Can Find More Information.”

See the section entitled “Risk Factors” in this prospectus for a discussion of some of the risks related to the execution of our business strategy.

Emerging Growth Company Status

We qualify as an “emerging growth company,” as that term is defined in the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”). For as long as we continue to be an emerging growth company, we intend to take advantage of exemptions from various reporting requirements applicable to other public companies but not to “emerging growth companies,” including:

- not being required to have our independent registered public accounting firm audit our internal control over financial reporting under Section 404 of the Sarbanes-Oxley Act of 2002, as amended;
- permission to delay adopting new or revised accounting standards until such time as those standards apply to private companies;
- reduced disclosure obligations regarding executive compensation in our periodic reports and annual report on Form 10-K; and
- exemptions from the requirements of holding non-binding advisory votes on executive compensation and stockholder approval of any golden parachute payments not previously approved

Under the JOBS Act, we will remain an emerging growth company until the earliest of:

- the last day of the fiscal year during which we have total annual gross revenues of \$1.07 billion or more;
- the last day of the fiscal year following the fifth anniversary of the completion of our initial public offering, or December 31, 2024;
- the date on which we have issued, during the previous three-year period, more than \$1.0 billion in non-convertible debt securities; and
- the date on which we are deemed to be a “large accelerated filer” under the Exchange Act (i.e., the first day of the fiscal year after we have (1) more than \$700.0 million in outstanding common equity held by our non-affiliates, measured each year on the last day of our second fiscal quarter, (2) been public for at least 12 months, and (3) are not eligible to be deemed a “smaller reporting company” because we do not meet the revenue test of the definition of “smaller reporting company”, which includes an initial determination that our annual revenues are more than \$100.0 million for the most recently completed fiscal year).

We have elected to take advantage of certain of the reduced disclosure obligations regarding executive compensation in this prospectus and may elect to take advantage of other reduced reporting requirements in future filings with the SEC. As a result, the information that we provide to our stockholders may be different than the information you receive from other public reporting companies.

Corporate Information

Our principal executive offices are located at 37 East 18th Street, 7th Floor, New York, NY 10003, and our telephone number is (347) 676-1681. Our website address is www.aterian.io. Any information contained on, or that can be accessed through, our website is not incorporated by reference into, nor is it in any way part of this prospectus and should not be relied upon in connection with making any decision with respect to an investment in our securities. We are required to file annual, quarterly and current reports, proxy statements and other information with the SEC. You may obtain any of the documents filed by us with the SEC at no cost from the SEC’s website at <http://www.sec.gov>.

RISK FACTORS

Investing in our Common Stock involves a high degree of risk. Before making an investment decision, you should carefully consider the risks described below, under “Risk Factors” in our most recent Annual Report on Form 10-K, as amended, or in any updates in our Quarterly Reports on Form 10-Q, together with all of the other information appearing in or incorporated by reference into this prospectus, before deciding whether to purchase any of the Common Stock being offered in this prospectus. Our business, financial condition or results of operations could be materially adversely affected by any of these risks. The occurrence of any of these risks might cause you to lose all or part of your investment in the offered securities.

Our share price may be volatile. Market volatility may affect the value of an investment in our common stock and could subject us to litigation.

Technology stocks have historically experienced high levels of volatility. There has been and could continue to be significant volatility in the market price and trading volume of equity securities. For example, our closing stock price ranged from \$12.44 to \$47.66 per share from January 4, 2021 to June 14, 2021. The market price of our common stock could be subject to wide fluctuations in response to many risk factors listed in this section, and others beyond our control, including:

- actual or perceived impact on our business due to the COVID-19 pandemic;
- actual or anticipated fluctuations in our financial condition and operating results;
- the financial projections we may provide to the public, and any changes in projected operational and financial results;
- addition or loss of significant customers;
- changes in laws or regulations applicable to our products;
- actual or anticipated changes in our growth rate relative to our competitors;
- announcements of technological innovations or new offerings by us or our competitors;
- announcements by us or our competitors of significant acquisitions, strategic partnerships, joint ventures or capital-raising activities or commitments;
- additions or departures of key personnel;
- changes in our financial guidance or securities analysts’ estimates of our financial performance;
- discussion of us or our stock price by the financial press and in online investor communities;
- reaction to our press releases and filings with the SEC;
- changes in accounting principles;
- lawsuits threatened or filed against us;
- fluctuations in operating performance and the valuation of companies perceived by investors to be comparable to us;
- sales of our common stock by us or our stockholders;
- share price and volume fluctuations attributable to inconsistent trading volume levels of our shares;
- price and volume fluctuations in the overall stock market, including as a result of trends in the economy as a whole;
- changes in laws or regulations applicable to our business;
- changes in our capital structure, such as future issuances of debt or equity securities;

Table of Contents

- short sales, hedging and other derivative transactions involving our capital stock;
- the expiration of contractual lock-up periods, including in connection with acquisition transactions;
- sales of common stock by our executives;
- other events or factors, including those resulting from pandemics, war, incidents of terrorism or responses to these events; and
- general economic and market conditions.

Furthermore, in recent years, the stock markets have experienced extreme price and volume fluctuations that have affected and continue to affect the market prices of equity securities of many companies, and technology companies in particular. These fluctuations often have been unrelated or disproportionate to the operating performance of those companies. These broad market and industry fluctuations, as well as general economic, political and market conditions such as recessions, interest rate changes or international currency fluctuations, may negatively impact the market price of our common stock. In the past, companies that have experienced volatility in the market price of their stock have been subject to securities class action litigation. We may be the target of this type of litigation in the future. Securities litigation against us could result in substantial costs and divert our management's attention from other business concerns, which could also harm our business.

In addition, we recently experienced volatility in the market price of our common stock in connection with a report issued on May 4, 2021 by Culper Research, a self-proclaimed short seller. While we believe the report by Culper Research contains numerous false and misleading statements about our Company, and that it contains mischaracterizations and factual inaccuracies regarding our Company, our stock price has and may continue to experience volatility due to this report or similar reports issued in an attempt to negatively impact and manipulate our stock price for the benefit of short sellers or others.

A “short squeeze” due to a sudden increase in demand for shares of our common stock that largely exceeds supply could lead to extreme price volatility in shares of our common stock.

Investors may purchase shares of our common stock to hedge existing exposure or to speculate on the price of our common stock. Speculation on the price of our common stock may involve long and short exposures. To the extent aggregate short exposure exceeds the number of shares of our common stock available for purchase on the open market, investors with short exposure may have to pay a premium to repurchase shares of our common stock for delivery to lenders of our common stock. Those repurchases may in turn, dramatically increase the price of our common stock until additional shares of our common stock are available for trading or borrowing. This is often referred to as a “short squeeze.” A proportion of our common stock has been and may continue to be traded by short sellers which may increase the likelihood that our common stock will be the target of a short squeeze. A short squeeze could lead to volatile price movements in shares of our common stock that are unrelated or disproportionate to our operating performance or prospects and, once investors purchase the shares of our common stock necessary to cover their short positions, the price of our common stock may rapidly decline. Investors that purchase shares of our common stock during a short squeeze may lose a significant portion or all of their investment.

USE OF PROCEEDS

We will receive no proceeds from the sale of the Shares by the Selling Stockholders. We may, however, receive cash proceeds equal to the total exercise price of the February Warrant, the Additional Warrant or the April Warrants to the extent that any of such Warrants are exercised for cash. The exercise price of the February Warrant is \$25.10. The exercise price of the Additional Warrant is \$33.56 per share. The exercise price of the April Warrants is \$31.74. The exercise price of the Penny Warrant is \$0.01 and it is only exercisable on a cashless basis, and we therefore will not receive any proceeds from any exercise of the Penny Warrant. The exercise price and the number of shares of Common Stock issuable upon exercise of the Warrants may be adjusted in certain circumstances, including stock splits, dividends or distributions, or other similar transactions. However, the February Warrant, the Additional Warrant and the April Warrants contain a “cashless exercise” feature that allow the holders to exercise any of such Warrants without making a cash payment to us if there is not an effective registration statement covering the resale of the shares issuable upon exercise of such Warrants. There can be no assurance that any of the Warrants will be exercised by the Selling Stockholders at all. To the extent we receive proceeds from the cash exercise of the February Warrant, the Additional Warrant or any of the April Warrants, we intend to use such proceeds to provide capital support or for general corporate purposes, which may include, without limitation, working capital, operating expenses, capital expenditures, supporting asset growth and acquiring, investing in or licensing complementary products, technologies or businesses. We do not have any specific plans for acquisitions or other business combinations at this time. Our management will retain broad discretion in the allocation of the net proceeds from any exercise of the February Warrant, the Additional Warrant or the April Warrants for cash.

The Selling Stockholders will pay any underwriting discounts, selling commissions or transfer taxes incurred in disposing of the Shares and the expenses of any attorney or other advisor they decide to employ. We will bear all other costs, fees and expenses incurred in effecting the registration of the Shares covered by this prospectus. These may include, without limitation, all registration, filing, stock exchange fees, printing expenses, all fees and expenses of complying with applicable securities laws and the fees and disbursements of our counsel and of our independent accountants and reasonable fees.

SELLING STOCKHOLDERS

Unless the context otherwise requires, as used in this prospectus, “Selling Stockholders” includes the selling stockholders listed below and donees, pledgees, transferees or other successors-in-interest selling shares received after the date of this prospectus from a selling stockholder as a gift, pledge or other non-sale related transfer.

We have prepared this prospectus to allow the Selling Stockholders or their successors, assignees or other permitted transferees to sell or otherwise dispose of, from time to time, up to 12,785,537 shares of our Common Stock. The 12,785,537 shares of Common Stock to be offered hereby consist of: (i) 7,422,307 shares of Common Stock previously issued to certain of the Selling Stockholders, and (ii) up to 5,363,230 shares of Common Stock issuable upon the exercise of the Warrants.

The February Warrant will become exercisable on August 2, 2021, has a term of five years from the date of issuance and has an exercise price of \$25.10 per share of Common Stock, subject to adjustment for stock splits, reverse stock splits, stock dividends and similar transactions. The Penny Warrant was exercisable upon issuance, has a term of five years from the date of issuance, has an exercise price of \$0.01 per share of Common Stock, subject to adjustment for stock splits, reverse stock splits, stock dividends and similar transactions, and is exercisable on a cashless basis. The Additional Warrant was exercisable upon issuance, has a term of five years from the date of issuance and has an exercise price of \$33.56 per share of Common Stock, subject to adjustment for stock splits, reverse stock splits, stock dividends and similar transactions. The April Warrants were exercisable upon issuance, have a term of five years from the date of issuance and have an exercise price of \$31.74 per share of Common Stock, subject to adjustment for stock splits, reverse stock splits, stock dividends and similar transactions. Under the terms of the Warrants, a Selling Stockholder may not exercise the Warrants to the extent such exercise would cause such Selling Stockholder, together with its affiliates, to beneficially own a number of shares of common stock which would exceed 9.99% of our then outstanding common stock following such exercise, excluding for purposes of such determination Common Stock issuable upon exercise of the Warrants which have not been exercised.

The Shares were issued or will be issuable to the Selling Stockholders in reliance on the exemption from securities registration in Section 4(a)(2) under the Securities Act and Rule 506 promulgated thereunder or Regulation S, to the extent applicable.

The shares of Common Stock to be offered by the Selling Stockholders are “restricted” securities under applicable federal and state securities laws and are being registered under the Securities Act to give the Selling Stockholders the opportunity to sell these shares publicly. The registration of these shares does not require that any of the shares be offered or sold by the Selling Stockholders. Subject to these resale restrictions, the Selling Stockholders may from time to time offer and sell all or a portion of their shares indicated below in privately negotiated transactions or on the Nasdaq Capital Market or any other market on which our common stock may subsequently be listed.

The registered shares may be sold directly or through brokers or dealers, or in a distribution by one or more underwriters on a firm commitment or best effort basis. To the extent required, the names of any agent or broker-dealer and applicable commissions or discounts and any other required information with respect to any particular

offering will be set forth in a prospectus supplement. See the section of this prospectus entitled “Plan of Distribution”. The Selling Stockholders and any agents or broker-dealers that participate with the Selling Stockholders in the distribution of registered shares may be deemed to be “underwriters” within the meaning of the Securities Act, and any commissions received by them and any profit on the resale of the registered shares may be deemed to be underwriting commissions or discounts under the Securities Act.

No estimate can be given as to the amount or percentage of Common Stock that will be held by the Selling Stockholders after any sales made pursuant to this prospectus because the Selling Stockholders are not required to sell any of the Shares being registered under this prospectus. The following table assumes that the Selling Stockholders will sell all of the Shares listed in this prospectus.

Unless otherwise indicated in the footnotes below, no Selling Stockholder has had any material relationship with us or any of our affiliates within the past three years other than as a security holder.

We have prepared this table based on written representations and information furnished to us by or on behalf of the Selling Stockholders. Since the date on which the Selling Stockholders provided this information, the Selling Stockholders may have sold, transferred or otherwise disposed of all or a portion of the shares of common stock in a transaction exempt from the registration requirements of the Securities Act. Unless otherwise indicated in the footnotes below, we believe that: (1) none of the Selling Stockholders are broker-dealers or affiliates of broker-dealers, (2) no Selling Stockholder has direct or indirect agreements or understandings with any person to distribute their Shares, and (3) the Selling Stockholders have sole voting and investment power with respect to all Shares beneficially owned, subject to applicable community property laws. To the extent any Selling Stockholder identified below is, or is affiliated with, a broker-dealer, it could be deemed, individually but not severally, to be an “underwriter” within the meaning of the Securities Act. Information about the Selling Stockholders may change over time. Any changed information will be set forth in supplements to this prospectus, if required.

The following table sets forth information with respect to the beneficial ownership of our common stock held, as of May 20, 2021, by the Selling Stockholders and the number of Shares being registered hereby and information with respect to shares to be beneficially owned by the Selling Stockholders after completion of the offering of the shares for resale. We have determined beneficial ownership in accordance with the rules of the SEC. The inclusion of any shares in this table does not constitute an admission of beneficial ownership by the persons named below. The percentages in the following table reflect the shares beneficially owned by the Selling Stockholders as a percentage of the total number of shares of common stock outstanding as of May 20, 2021. As of such date, 31,433,886 shares of common stock were outstanding.

- (1) Beneficial ownership is determined in accordance with Rule 13d-3 under the Exchange Act. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to the Warrants, options and other convertible securities held by that person that are currently exercisable or exercisable within 60 days (of May 20, 2021) are deemed outstanding. Shares subject to warrants, options and other convertible securities, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other person.
- (2) We do not know when or in what amounts a Selling Stockholder may offer shares for sale. The Selling Stockholders may choose not to sell any or all of the shares offered by this prospectus. Certain Selling Stockholders are subject to lock-up agreements which limits the ability of such Selling Stockholders to sell or otherwise transfer the shares of common stock beneficially owned. Because the Selling Stockholders may offer all or some of the Shares pursuant to this offering, we cannot estimate the number of the Shares that will be held by the Selling Stockholders after completion of the offering. However, for purposes of this table, we have assumed that, after completion of the offering, all of the Shares covered by this prospectus will be sold by the Selling Stockholders and that the Selling Stockholders do not acquire beneficial ownership of any additional shares.

PLAN OF DISTRIBUTION

We are registering the shares of Common Stock and the shares of Common Stock issuable upon exercise of the Warrants previously issued to the Selling Stockholders to permit the resale of these shares of Common Stock by the holders of the Shares and the Warrants from time to time after the date of this prospectus. We will not receive any of the proceeds from the sale by the Selling Stockholders of the shares of Common Stock. We will bear all fees and expenses incident to our obligation to register the shares of Common Stock.

The Selling Stockholders may sell all or a portion of the shares of Common Stock beneficially owned by them and offered hereby from time to time directly or through one or more underwriters, broker-dealers or agents. If the shares of Common Stock are sold through underwriters or broker-dealers, the Selling Stockholders will be responsible for underwriting fees, discounts or commissions or agent's commissions. The shares of Common Stock may be sold in one or more transactions at fixed prices, at prevailing market prices at the time of the sale, at varying prices determined at the time of sale, or at negotiated prices. The Selling Stockholders will act independently of us in making decisions with respect to the timing, manner and size of each sale. These sales may be effected in transactions, which may involve cross or block transactions:

- on any national securities exchange or quotation service on which the securities may be listed or quoted at the time of sale;
- in the over-the-counter market;
- in transactions otherwise than on these exchanges or systems or in the over-the-counter market;
- through the writing of options, whether such options are listed on an options exchange or otherwise;
- in ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- in block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- through purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- in an exchange distribution in accordance with the rules of the applicable exchange;
- in privately negotiated transactions;
- in short sales;
- through the distribution of the Common Stock by any Selling Stockholder to its partners, members or stockholders;
- through one or more underwritten offerings on a firm commitment or best efforts basis;
- in sales pursuant to Rule 144;
- whereby broker-dealers may agree with the Selling Stockholders to sell a specified number of such shares at a stipulated price per share;
- in a combination of any such methods of sale; and
- in any other method permitted pursuant to applicable law.

If the Selling Stockholders effect such transactions by selling shares of Common Stock to or through underwriters, broker-dealers or agents, such underwriters, broker-dealers or agents may receive commissions in the form of discounts, concessions or commissions from the Selling Stockholders or commissions from purchasers of the shares of Common Stock for whom they may act as agent or to whom they may sell as principal (which discounts, concessions or commissions as to particular underwriters, broker-dealers or agents may be in excess of those customary in the types of transactions involved). In connection with sales of the shares of Common Stock or otherwise, the Selling Stockholders may enter into hedging transactions with broker-dealers,

[Table of Contents](#)

which may in turn engage in short sales of the shares of Common Stock in the course of hedging in positions they assume. The Selling Stockholders may also sell shares of Common Stock short and deliver shares of Common Stock covered by this prospectus to close out short positions and to return borrowed shares in connection with such short sales. The Selling Stockholders may also loan or pledge shares of Common Stock to broker-dealers that in turn may sell such shares. The Selling Stockholders may pledge or grant a security interest in some or all of the shares of Common Stock or the Warrants owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of Common Stock from time to time pursuant to this prospectus or any amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending, if necessary, the list of Selling Stockholders to include the pledgee, transferee or other successors in interest as Selling Stockholders under this prospectus. The Selling Stockholders also may transfer and donate the shares of Common Stock in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The Selling Stockholders, individually and not severally, and any broker-dealer participating in the distribution of the shares of Common Stock may be deemed to be “underwriters” within the meaning of the Securities Act, and any commission paid, or any discounts or concessions allowed to, any such broker-dealer may be deemed to be underwriting commissions or discounts under the Securities Act. At the time a particular offering of the shares of Common Stock is made, a prospectus supplement, if required, will be distributed which will set forth the aggregate amount of shares of Common Stock being offered and the terms of the offering, including the name or names of any broker-dealers or agents, any discounts, commissions and other terms constituting compensation from the Selling Stockholders and any discounts, commissions or concessions allowed or reallocated or paid to broker-dealers. The Selling Stockholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares of Common Stock against certain liabilities, including liabilities arising under the Securities Act.

Under the securities laws of some states, the shares of Common Stock may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares of Common Stock may not be sold unless such shares have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with.

The aggregate proceeds to the Selling Stockholders from the sale of the Common Stock offered will be the purchase price of the Common Stock less discounts or commissions, if any. The Selling Stockholders reserve the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of Common Stock to be made directly or through agents. There can be no assurance that any Selling Stockholder will sell any or all of the shares of Common Stock registered pursuant to the registration statement of which this prospectus forms a part.

The Selling Stockholders and any other person participating in such distribution will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including, without limitation, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the shares of Common Stock by the Selling Stockholders and any other participating person. Regulation M may also restrict the ability of any person engaged in the distribution of the shares of Common Stock to engage in market-making activities with respect to the shares of Common Stock. All of the foregoing may affect the marketability of the shares of Common Stock and the ability of any person or entity to engage in market-making activities with respect to the shares of Common Stock.

We will incur costs, fees and expenses in effecting the registration of the Shares covered by this prospectus, estimated to be approximately \$83,000 in total, including, without limitation, all registration, filing, stock exchange fees, printing expenses, all fees and expenses of complying with applicable securities laws and the fees and disbursements of our counsel and of our independent registered public accounting firm and reasonable fees; provided, however, that a Selling Stockholder will pay all underwriting discounts, selling commissions or

[Table of Contents](#)

transfer taxes, if any. We will indemnify the Selling Stockholders against certain liabilities, including certain liabilities arising under the Securities Act or the Exchange Act. We may be indemnified by certain of the Selling Stockholders against certain liabilities, including certain liabilities arising under the Securities Act or the Exchange Act, that may arise from any written information furnished to us by a Selling Stockholder specifically for use in this prospectus.

Once sold under the registration statement, of which this prospectus forms a part, the shares of common stock will be freely tradable in the hands of persons other than our affiliates.

In addition, pursuant to the Squatty Potty Lock-Up and at all times prior to the termination date thereunder, Squatty Potty shall timely vote in person or by proxy at each annual or special meeting of our stockholders all shares of common stock held by Squatty Potty in accordance with the recommendations of the Board on each matter presented to our stockholders at such meeting or in any consent solicitation as set forth in the applicable definitive proxy statement, including without limitation the election, removal and/or replacement of directors.

The PPD Owner and the PPD Beneficial Owner have each entered into the Shareholder Agreements with us, pursuant to which, until May 5, 2026, the PPD Owner and the PPD Beneficial Owner each agreed that for so long as it and its affiliates collectively beneficially own any of our voting securities, except pursuant to a negotiated transaction with the PPD Owner or the PPD Beneficial Owner approved by the Board, the PPD Owner and the PPD Beneficial Owner will not (and will cause its affiliates not to) in any manner, directly or indirectly, among other things: (i) make, effect, initiate, cause or participate in (a) any acquisition of beneficial ownership of any of our securities or any securities of any subsidiary or other affiliate of us if such acquisition would result in the PPD Owner or the PPD Beneficial Owner and its respective affiliates collectively beneficially owning 15% or more of our then outstanding voting securities, (b) any Company acquisition transaction, (c) any “solicitation” of “proxies” (as those terms are defined in Rule 14a-1 of the General Rules and Regulations under the Exchange Act) or consents with respect to any of our securities or (d) frustrate or seek to frustrate any Company acquisition transaction proposed or endorsed by us; (ii) recommend, nominate or seek to nominate any person to the Board or otherwise act, alone or in concert with others, to seek to control or influence the management, the Board or policies or governance of the Company; (iii) demand an inspection of the Company’s books and records whether pursuant to Section 220 of the General Corporation Law of the State of Delaware or otherwise; (iv) institute, solicit, assist or join any litigation, arbitration or other proceeding against or involving us or any of our current or former directors or officers (including derivative actions); or (v) agree or offer to take, or encourage or propose (publicly or otherwise) the taking of, any of the foregoing actions, or assist, induce or encourage any other person to take any of the foregoing actions. presented to our stockholders at such meeting or in any consent solicitation as set forth in the applicable definitive proxy statement, including without limitation the election, removal and/or replacement of directors.

No Preemptive or Similar Rights

Our common stock is not entitled to preemptive rights, and is not subject to conversion, redemption or sinking fund provisions.

Right to Receive Liquidation Distributions

If we become subject to a liquidation, dissolution or winding-up, the assets legally available for distribution to our stockholders would be distributable ratably among the holders of our common stock and any participating preferred stock outstanding at that time, subject to prior satisfaction of all outstanding debt and liabilities and the preferential rights of and the payment of liquidation preferences, if any, on any outstanding shares of preferred stock.

Fully Paid and Non-Assessable

All of the outstanding shares of our common stock are, and the shares of our common stock to be issued pursuant to this prospectus will be, duly authorized, validly issued, fully paid and non-assessable.

Preferred Stock

Our board of directors is authorized, subject to limitations prescribed by Delaware law, to issue up to 10,000,000 shares of our preferred stock in one or more series, to determine and fix from time to time the number of shares to be included in such series, and to fix the voting powers, designations, preferences and other rights, qualifications and restrictions thereof, including dividend rights, conversion rights, redemption privileges and liquidation preferences of such series, in each case without further vote or action by our stockholders. Our board of directors can also increase or decrease the number of shares of any such series, but not below the number of shares of such series then outstanding, without any further vote or action by our stockholders.

Our board of directors may authorize the issuance of preferred stock with voting or conversion rights that could adversely affect the voting power or other rights of the holders of our common stock. The issuance of preferred stock, while providing flexibility in connection with possible acquisitions and other corporate purposes, could, among other things, have the effect of delaying, deferring or preventing a change in control and may adversely affect the market price of our common stock and the voting and other rights of the holders of our common stock. We have no current plans to issue any shares of preferred stock.

Warrants

As of May 20, 2021, in addition to the Warrants, warrants to purchase an aggregate of 277,335 shares of our common stock with a weighted-average exercise price of \$15.01 were outstanding. All of our outstanding warrants contain provisions for the adjustment of the exercise price in the event of stock dividends, stock splits or similar transactions. In addition, certain of the warrants contain a “cashless exercise” feature that allows the holders thereof to exercise the warrants without a cash payment to us under certain circumstances.

The February Warrant has an initial exercise price of \$25.10, will be exercisable beginning on August 2, 2021 and has an expiration date of February 2, 2026. The Penny Warrant has an initial exercise price of \$0.01, has an expiration date of February 9, 2026 and is exercisable only on a cashless basis. The Additional Warrant has an initial exercise price of \$33.56 and has an expiration date of February 9, 2026. The April Warrants have an initial exercise price of \$31.74 and have an expiration date of April 8, 2026.

[Table of Contents](#)

The exercise price of each of the Warrants and the number of shares of Common Stock issuable upon exercise of the Warrants will also be subject to adjustment in connection with stock splits, dividends or distributions or other similar transactions. The February Warrant, the Additional Warrant and the April Warrants also contain a “cashless exercise” feature that allows the holders to exercise such warrants without making a cash payment in the event that there is no effective registration statement registering the February Warrant Shares, the Additional Warrant Shares or the April Warrant Shares, as applicable.

The February Warrant, the Additional Warrant and the April Warrants each include a provision that gives us the right to require the holder to exercise the February Warrant, the Additional Warrant or the April Warrants if the price of our Common Stock exceeds 200% of the exercise price of the February Warrant, the Additional Warrant or the April Warrants, respectively, for 20 consecutive trading days and certain other conditions are satisfied.

The February Warrant, the Penny Warrant, the Additional Warrant and the April Warrants each provide that in no event will the number of shares of Common Stock issued upon exercise of the February Warrant, the Penny Warrant, the Additional Warrant or the April Warrants result in the HT ON’s or HT SA’s beneficial ownership exceeding 4.99% or 9.99% of the Common Stock outstanding at the time of conversion or exercise, as applicable (which percentage may be decreased or increased by HT ON or HT SA, respectively, but to no greater than 9.99%, and provided that any increase will not be effective until the sixty-first (61st) day after notice of such request by the warrant holder to increase its beneficial ownership limit has been delivered to us).

Convertible Promissory Notes

As of May 20, 2021, the Notes were outstanding with an aggregate outstanding principal amount of \$110.0 million. The Notes are a senior secured obligation of ours and rank senior to all of our indebtedness. The Notes do not have any amortization payments.

We may redeem all (but not less than all) of each Note at a price of 110% of the then-outstanding principal amount if the Note is redeemed prior to April 8, 2022, 108% of the then-outstanding principal amount if the Note is redeemed on or after April 8, 2022 but prior to April 8, 2023 and 104% of the then-outstanding principal amount if the Note is redeemed on or after April 8, 2023.

Subject to certain exceptions, upon the completion of any equity financing, HT SA and HT ON may elect to require us to redeem (at par) a principal amount of the Notes. If HT SA and HT ON require us to redeem the Notes upon the completion of an equity financing, the aggregate principal amount of the Notes that we will redeem will be equal to no less than the greater of (i) 20% of the net proceeds of such equity financing, excluding net proceeds that will be used to make acquisitions, if any, and (ii) 5% of the net proceeds of such equity financing, in each case with an aggregate cap under all of the Notes of \$5.5 million per financing.

If an event of default under the Notes occurs, HT SA and HT ON can elect to redeem the Notes for cash equal to 115% of the then-outstanding principal amount of the Notes, plus accrued and unpaid interest, which accrues at a rate per annum equal to 15% from the date of a default or event of default (the “Event of Default Acceleration Amount”). If we fail to pay the Event of Default Acceleration Amount in cash, then HT SA and HT ON may elect to redeem the Notes and receive the unpaid portion of the Event of Default Acceleration Amount entirely or partially in shares of Common Stock. The price for any shares issued to pay such Event of Default Acceleration Amount will be equal to 80% of the lesser of (i) the daily volume weighted average price (“VWAP”) on the date HT SA or HT ON deliver notice of its election to redeem the Notes for shares of Common Stock (the “Event of Default Stock Payment Date”), and (ii) the average of the lowest two daily VWAPs during the ten trading day period ending on such Event of Default Stock Payment Date. HT SA and HT ON also have the option of requiring us to redeem the Notes if we undergo a fundamental change for 105% of the then-outstanding principal amount of the Notes plus any accrued and unpaid interest thereon.

Until the later of (i) October 8, 2022, and (ii) the date the Notes are fully repaid, HT SA and HT ON will, subject to certain exceptions, have the right to participate for up to 40% of any debt, preferred stock or equity-linked

financing of us or our subsidiaries and up to 10% of any Common Stock equity financing by us or any of our subsidiaries.

Anti-Takeover Provisions

Certain provisions of Delaware law, along with our Certificate of Incorporation and our Bylaws, all of which are summarized below, may have the effect of delaying, deferring or discouraging another person from acquiring control of our company. These provisions are expected to discourage coercive takeover practices and inadequate takeover bids. These provisions are also designed, in part, to encourage persons seeking to acquire control of our company to first negotiate with our board of directors. However, these provisions could have the effect of delaying, discouraging or preventing attempts to acquire us, which could deprive our stockholders of opportunities to sell their shares of common stock at prices higher than prevailing market prices.

Delaware Law

We are subject to Section 203 of the DGCL, which prohibits persons deemed to be “interested stockholders” from engaging in a “business combination” with a publicly held Delaware corporation for three years following the date these persons become interested stockholders unless the business combination is, or the transaction in which the person became an interested stockholder was, approved in a prescribed manner or another prescribed exception applies. Generally, an “interested stockholder” is a person who, together with affiliates and associates, owns, or within three years prior to the determination of interested stockholder status did own, 15% or more of a corporation’s voting stock. Generally, a “business combination” includes a merger, asset or stock sale, or other transaction resulting in a financial benefit to the interested stockholder. The existence of this provision may have an anti-takeover effect with respect to transactions not approved in advance by the board of directors.

Choice of Forum

Our Certificate of Incorporation provides that, unless we consent in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware will be the sole and exclusive forum for: (1) any derivative action or proceeding brought on our behalf; (2) any action asserting a claim of breach of a fiduciary duty by any of our directors, officers, employees or agents to us or our stockholders, creditors or other constituents; (3) any action asserting a claim against us arising pursuant to any provision of the DGCL or our Certificate of Incorporation or Bylaws; (4) any action to interpret, apply, enforce or determine the validity of our Certificate of Incorporation or Bylaws; or (5) any action asserting a claim governed by the internal affairs doctrine. The provision would not apply to suits brought to enforce a duty or liability created by the Securities Act, the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction. The enforceability of similar choice of forum provisions in other companies’ certificates of incorporation has been challenged in legal proceedings, and it is possible that a court could find these types of provisions to be inapplicable or unenforceable. Our Certificate of Incorporation also provides that any person or entity purchasing or otherwise acquiring any interest in shares of our capital stock will be deemed to have notice of and to have consented to this choice of forum provision.

Certificate of Incorporation and Bylaw Provisions

Our Certificate of Incorporation and our Bylaws include a number of provisions that could deter hostile takeovers or delay or prevent changes relating to the control of our board of directors or management team, including the following:

- *Board of Directors Vacancies.* Our Certificate of Incorporation authorizes only our board of directors to fill vacant directorships, including newly created seats. In addition, the number of directors constituting our board of directors will be permitted to be set only by a resolution adopted by a majority vote of our entire board of directors. These provisions would prevent a stockholder from

increasing the size of our board of directors and then gaining control of our board of directors by filling the resulting vacancies with its own nominees. This makes it more difficult to change the composition of our board of directors and promotes continuity of management.

- *Classified Board.* Our board of directors is divided into three classes. The directors in each class will serve for a three-year term (other than the directors initially assigned to Class I whose term shall expire at our first annual meeting of stockholders following our initial public offering (“IPO”) and those assigned to Class II whose term shall expire to our second annual meeting of stockholders following our IPO), one class being elected each year by our stockholders. This system of electing and removing directors may tend to discourage a third party from making a tender offer or otherwise attempting to obtain control of us, because it generally makes it more difficult for stockholders to replace a majority of the directors.
- *Stockholder Meetings.* Our Bylaws provide that a special meeting of stockholders may be called only by our chairman of the board, chief executive officer or president or by a resolution adopted by a majority of our board of directors, thus prohibiting a stockholder (in the capacity as a stockholder) from calling a special meeting. These provisions might delay the ability of our stockholders to force consideration of a proposal or for stockholders controlling a majority of our capital stock to take any action, including the removal of directors.
- *Elimination of Stockholder Action by Written Consent.* Our Certificate of Incorporation and Bylaws eliminate the right of stockholders to act by written consent without a meeting. As a result, a holder controlling a majority of our capital stock would not be able to amend our Bylaws or remove directors without holding a meeting of our stockholders called in accordance with our Bylaws.
- *Advance Notice Requirements for Stockholder Proposals and Director Nominations.* Our Bylaws establish advance notice procedures with respect to stockholder proposals to be brought before a stockholder meeting and the nomination of candidates for election as directors. Our Bylaws also specify certain requirements regarding the form and content of a stockholder’s notice. These provisions might preclude our stockholders from bringing matters before our annual meeting of stockholders or from making nominations for directors at our annual meeting of stockholders if the proper procedures are not followed. We expect that these provisions may also discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer’s own slate of directors or otherwise attempting to obtain control of our company.
- *No Cumulative Voting.* Our Certificate of Incorporation does not permit stockholders to cumulate their votes in the election of directors. Accordingly, the holders of a majority of the outstanding shares of our common stock entitled to vote in any election of directors can elect all of the directors standing for election, if they choose, other than any directors that holders of our preferred stock may be entitled to elect.
- *Directors Removed Only for Cause.* Our Certificate of Incorporation provides that no member of our board of directors may be removed from office by our stockholders except for cause and, in addition to any other vote required by law, upon the approval of not less than two thirds of the total voting power of all of our outstanding voting stock then entitled to vote in the election of directors.
- *Issuance of Undesignated Preferred Stock.* The ability of our board of directors, without action by the stockholders, to issue up to 10,000,000 shares of undesignated preferred stock with voting or other rights or preferences as designated by our board of directors could impede the success of any attempt to change control of us. These and other provisions may have the effect of deferring hostile takeovers or delaying changes in control or management of our company.
- *Amendment of Charter Provisions.* The amendment of any of the above provisions, except for the provisions making it possible for our board of directors to issue preferred stock or for our stockholders to cumulate their votes, would require approval by holders of at least two thirds of the total voting power of all of our outstanding voting stock. The provisions of the DGCL, our Certificate of

[Table of Contents](#)

Incorporation and our Bylaws could have the effect of discouraging others from attempting hostile takeovers and, as a consequence, they may also inhibit temporary fluctuations in the market price of our common stock that often result from actual or rumored hostile takeover attempts. These provisions may also have the effect of preventing changes in the composition of our board and management. It is possible that these provisions could make it more difficult to accomplish transactions that stockholders may otherwise deem to be in their best interests.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers, and persons controlling us pursuant to the provisions described in Item 14 of the registration statement of which this prospectus is a part or otherwise, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.
